1 Offensive Security OSWP Exam Documentation

The Offensive Security OSWP exam documentation contains all efforts that were conducted in order to pass the Offensive Security Wireless Professional exam. This report will be graded from a standpoint of correctness and fullness to all aspects of the exam. The purpose of this report is to ensure that the student has the technical knowledge required to pass the qualifications for the Offensive Security Wireless Professional certification.

1.1 Requirements

The student will be required to fill out this penetration testing report fully and to include the following sections:

- Methodology walkthrough and detailed outline of steps taken
- Each finding with included screenshots, walkthrough and sample commands
- Any additional items that were not included

2 Findings

TODO A brief description of the attack chain with machine names, including the depth of compromise should be included here.

2.1 Access Point X

2.1.1 Proof

TODO Provide the contents of the "Access Point X" wireless network key.

2.1.2 Screenshots

TODO Provide at least one screenshot of the successfully cracked "Access Point X" wireless network key and a screenshot of proof.txt.

2.1.3 Steps

TODO Provide a detailed account of your methodology in obtaining the "Access Point X" wireless network key. **The steps taken should be able to be easily followed and reproducible if necessary.**

A Appendix

A.1 TODO appendix title

TODO This section is placed for any additional items that were not mentioned in the overall report.
